PROXY STATEMENT

Annual Meeting of Shareholders
 to be held April 16, 2001

This Proxy Statement is being furnished to the common shareholders of Cass Information Systems, Inc. (the "Company") on or about March 19, 2001 in connection with the solicitation of proxies on behalf of the Board of Directors of the Company for use at the annual meeting of shareholders (the "Annual Meeting") to be held on April 16, 2001 at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting, and at any adjournment or postponement of that meeting.

Holders of shares of common stock, par value \$.50 per share ("Shares" or the "Common Stock"), of the Company at its close of business on March 5, 2001, (the "Record Date") are entitled to receive notice of and vote at the Annual Meeting. On the Record Date, 3,282,449 shares of Common Stock were outstanding. Holders of record of Common Stock (the "Shareholders") are entitled to one vote per share of Common Stock they held of record on the Record Date on each matter that may properly come before the Annual Meeting.

A plurality of the votes of Shareholders cast at the Annual Meeting is required for the election of each director. Ratification of the selection of independent accountants requires the affirmative vote of holders of a majority of the shares of Common Stock voted. Abstentions and broker non-votes are counted in the number of shares present in person or represented by proxy for purposes of determining whether a quorum is present, but not for purposes of election of directors or ratification of the selection of independent accountants.

Management of the Company ("Management"), together with members of the Board of Directors of the Company ("Board"), in the aggregate, directly or indirectly controlled approximately 23.83% of the Common Stock outstanding on the Record Date.

Shareholders of record on the Record Date are entitled to cast their votes in person or by properly executed proxy at the Annual Meeting. The presence, in person or by properly executed proxy, of a majority of the Common Stock outstanding on the Record Date is necessary to constitute a quorum at the Annual Meeting. If a quorum is not present at the time the Annual Meeting is convened, the Company may adjourn or postpone the Annual Meeting.

All Common Stock represented at the Annual Meeting by properly executed proxies received prior to or at the Annual Meeting and not properly revoked will be voted at the Annual Meeting in accordance with the instructions indicated in such proxies. If no instructions are indicated, such proxies will be voted FOR the election of the Board's director nominees and FOR the

ratification of the selection of independent accountants. The Board of Directors of the Company does not know of any matters, other than the matters described in the Notice of Annual Meeting attached to this Proxy Statement, which will come before the Annual Meeting.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with the Secretary of the Company, at or before the Annual Meeting, a written notice of revocation bearing a date later than the date of the proxy, (ii) duly executing and dating a subsequent proxy relating to the Common Stock and delivering it to the Secretary of the Company at or before the Annual Meeting, or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice revoking a proxy should be sent to: Corporate Secretary, Cass Information Systems, Inc., 13001 Hollenberg Drive, Bridgeton, Missouri 63044 (telephone number (314) 506-5500).

The proxies are solicited by the Board of Directors of the Company. In addition to the use of the mails, proxies may be solicited personally or by telephone or facsimile transmission, by directors, officers or regular employees of the Company or persons employed by the Company for the purpose of soliciting proxies. It is contemplated that brokerage houses, custodians, nominees and fiduciaries will be requested to forward the soliciting material to the beneficial owners of Common Stock held of record by such persons, and will be reimbursed by the Company for expenses incurred therewith. The cost of solicitation of proxies will be borne by the Company.

The date of this Proxy Statement is March 19, 2001.

Shares are subject to a three-year vesting schedule, with 1/3 of the shares vesting each year on the anniversary date of the awards, beginning January 19, 2000. STOCK OPTION PLAN / STOCK BONUS PLAN

These plans were adopted to aid the Company in securing and retaining qualified personnel. The Option Plan provides for the granting of options on up to 400,000 shares of the Company's common stock. The following table summarizes stock options outstanding as of December 31, 2000:

DEFINED BENEFIT RETIREMENT PLANS

RETIREMENT PLAN FOR EMPLOYEES OF CASS INFORMATION SYSTEMS, INC.

All officers of the Company and subsidiaries are participants in the Retirement Plan for Employees of Cass Information Systems, Inc., which covers all full-time employees. Upon retirement, participants in the plan will begin to receive monthly payments equal to one-twelfth of the sum of:

- (a) .9% of Final Average Earnings multiplied by the number of years of participation, plus
- (b) .5% of Final Average Earnings in excess of Covered Compensation multiplied by years of participation.

Final Average Earnings is defined as the average annual total compensation for the five consecutive years of highest earnings during the last ten years of employment. Covered Compensation is the average of the maximum social security taxable wage bases in effect for each calendar year during the 35-year period ending with the year in which retirement age is attained under the Social Security Act. Earnings covered by the Plan equal total compensation as reported in the Summary Compensation Table, including any amounts deferred under the Cass Information Systems, Inc. 401(k) Plan, plus any non-cash compensation reported on Internal Revenue Service Form W-2.

Normal retirement under the Plan commences at age 65. At normal retirement the years of participation under the Plan for the executive officers listed in the Compensation Table would be as follows: Mr. Collett-41; Mr. Brunngraber-41; Mr. Bouchein-13.

The following table shows the estimated annual benefits payable at retirement under the Retirement Plan for Employees of Cass Information Systems, Inc., assuming a straight-life annuity with 120 months guaranteed.

| Final Average Earnings | ESTIMATED ANNUAL RETIREMENT BENEFIT (1)(2) | | | | | | |
|------------------------------|--|-----------|-----------|-----------|-----------|-----------|-----------|
| | Years of Service Credited at Retirement | | | | | | |
| | 10 | 15 | 20 | 25 | 30 | 35 | 40 |

| 200,000 | 21,800 | 32,800 | 43,700 | 54,600 | 65,500 | 76,500 | 87,400 |

(1) Estimated benefit calculation assumes retirement at age 65 in the year 2002 with no increase in the maximum social security taxable wage base after 2000.

(2) Estimated benefits would be subject to Internal Revenue Service maximum retirement limitations in effect at the retirement date. The maximum compensation that may be recognized for determining benefits in 2000 is \$170,000.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN

In addition to the above defined benefit plan, in 1998 the Company established the Cass Information Systems, Inc. Supplemental Retirement Plan, which covers key executive officers of the Company. This supplemental plan was designed to provide additional retirement benefits to key executives whose benefits are limited by the Internal Revenue Service under the Company's qualified plan.

Upon retirement, participants in the plan will receive monthly payments equal to one twelfth of 70% of Final Average Earnings and reduced proportionately for length of service less than 25 years and reduced by the participant's:

- (a) Qualified retirement plan benefit,
- (b) Primary social security benefit, and
- (c) 401(k) hypothetical annuity

Final Average Earnings, normal retirement age and years of participation at normal retirement are the same as under the Retirement Plan for Employees of Cass Information Systems, Inc., except non-cash compensation is excluded from Final Average Earnings.

The following table shows the estimated annual benefits payable at retirement under the Supplemental Executive Retirement Plan, assuming a straight-life annuity with 120 months guaranteed.

| Final Average Earnings | ESTIMATED ANNUAL RETIREMENT BENEFIT (1) | | | | | | |

(1) Estimated benefit calculation assumes retirement at age 65 in the year 2002.

DEFINED CONTRIBUTION SAVINGS PLAN

All full-time employees of the Company and subsidiaries are eligible to participate in the Cass Information Systems, Inc. 401(k) Plan. Employees may voluntarily defer up to 15% of pre-tax earnings subject to the IRS maximum limitation, which was \$10,500 for 2000. Voluntary deferrals contributed to the 401(k) Plan by the Executive Officers are included in Annual Salary Compensation in the Summary Compensation Table. The Company matches 50% of the first 3% of employee contributions, subject to IRS limitations. Amounts contributed to the Plan in 2000, for the benefit of the Executive Officers, are included in Other Compensation in the Summary Compensation Table. Each Executive Officer is fully vested in Company contributions.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee") is composed of three independent directors, one of which serves as chairman of the Committee. The Committee administers the Executive Compensation Program of the Company and none of these members has been or is an employee of the Company or of any of its subsidiaries. All material items relative to Executive Compensation or any benefit compensation for the entire Company must be analyzed, reviewed and approved by the Compensation Committee. While the Committee may seek input occasionally from the Chief Executive Officer, the Chief Financial Officer or the Director of Human Resources, all matters are independently resolved and decided without the presence or voting of any officer of the Company or its subsidiaries. The Compensation Committee of the Board is also responsible for recommending salary levels for executive officers to the Board of Directors of the Company and recommending the overall levels of salary compensation for the entire corporation.

The Committee's philosophy with regard to executive compensation has been to seek to provide programs which will allow the Company to acquire and maintain competent executive officers and to attract and maintain other management personnel with the capabilities and requirements determined necessary to continue to lead the Company in meeting its objectives and in furthering its growth and profitability. It is further the philosophy of the Committee to constantly upgrade the caliber of performance of the Company's staff and reward its people in accordance with the results that are accomplished. The Committee believes that total compensation should be related to profits and to the performance of the Company. For this reason, a significant component of the compensation of the Company's executives is tied to an incentive bonus plan that is directly related to the Company's pre-tax earnings. Most of the executives received increases in 2000 bonuses due to the improved level of profits achieved by the Company.

The Committee reviews the CEO's salary annually in December for the following fiscal year. Bonuses are calculated in July and January, and relate directly to the profit performance for the year. The CEO's bonus is a percentage of total profit sharing allocations and fluctuates with the Company's return on equity. The CEO's salary was not increased in 2000 as a result of decreased profits in 1999. The increase in the CEO's bonus for 2000 is directly related to improved profit performance in 2000. A three-year stock grant was provided to the CEO in January 1999; no additional stock compensation was provided in 2000.

The Committee generally seeks to maintain salaries at the mid-point levels of competitive peer groups. Bonuses are available to all personnel in the Company based upon the level of profits before taxes achieved by the Company. These bonuses are distributed on the basis of merit. Performance is measured on the basis of several factors deemed relevant to performance and bonuses are distributed on the basis of these evaluations. The determination of bonuses for the Company's executive officers is a subjective process which utilizes no specific performance criteria, but which does consider growth in the Company's profits, resources, and the quality of the Company's operations, as well as adherence to regulatory requirements.

The Committee utilizes the services of Peter R. Johnson & Company of West Chester, Pennsylvania in determining the levels of peer compensation within its industry. Additionally, the Committee utilizes the services of Towers Perrin for evaluation of the compensation of its top executive positions. The Committee considers stock options and grants to be a significant motivational tool for rewarding its executive officers and senior management. Stock awards provided under the Company's stock option plan are granted primarily on the basis of performance of the Company, performance of the individual operating subsidiaries, the relationship of the Company's performance to other companies in its peer group, and the recommendation of the CEO. No new stock incentive programs were provided in 2000. The company utilizes the services of Towers Perrin in determining appropriate stock incentive and compensation and annually reviews information from other compensation sources to obtain comparative compensation information for similar companies and companies performing in industries similar to those of its operating subsidiaries.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Some of the directors and officers of the Company and of the Bank, and members of their immediate families and firms and corporations, with which they are associated, have had transactions with the Bank, including borrowing and investments in depository accounts. All such loans and investments have been made in the ordinary course of business, have been made on substantially the same terms, including interest rates paid or charged and collateral required, as those prevailing at the same time for comparable transactions with unaffiliated persons, and did not involve more than the normal risk of collectibility or present other unfavorable features. As of December 31, 2000, the aggregate amount of all loans and available credit to officers and directors of the Company and to firms and corporations in which they have at least a 10% beneficial interest was approximately \$53,120, which represented approximately 0.1% of the Company's consolidated shareholders' equity at that date.

Bruce E. Woodruff, a director and shareholder of the Company, is of counsel to the law firm of Armstrong Teasdale LLP, counsel to the Company and subsidiaries.

SECTION 16(a) BENEFICIAL OWNERSHIP COMPLIANCE

To the Company's knowledge, based solely on review of copies of such reports furnished to the Company and written representations that no other reports were required, during 2000 all Section 16(a) filing requirements were complied with by all persons who, during the year, were directors, officers or holders of 10% or more of the Company's shares except that Mr. Chapell failed to timely file Form 4 for a stock purchase transacted in 2000. The transaction has since been reported.

AUDIT AND COMPLIANCE COMMITTEE REPORT

The Board of Directors maintains an Audit and Compliance Committee comprised of five outside directors. The Board of Directors and the Audit and Compliance Committee believes that the Audit and Compliance Committee's current member composition satisfies the Nasdaq rule that governs audit committee composition, including the requirement that audit committee members be "independent directors" as that term is defined by NASD Rule 4200 (a)(14).

The Audit and Compliance Committee adopted a written charter in January 2001. The full text of the charter is attached to this Proxy Statement as Exhibit I.

During 2000, the Company incurred the following fees for services performed by KPMG LLP, the Company's independent auditors.

| | |
|--|----------|
| Audit Fees | \$85,000 |
| Financial Information Systems Design and Implementation Fees | \$ -- |
| All Other Fees (1) | \$73,171 |

- (1) The Audit and Compliance Committee has considered whether the provision of these services is compatible with maintaining the principal accountant's independence.

In connection with the December 31, 2000 financial statements, the Audit and Compliance Committee (1) reviewed and discussed the audited financial statements with management; (2) discussed with the auditors the matters required by Statement on Auditing Standards No. 61; and (3) received and discussed with the auditors the matters required by Independence Standards Board Statement No. 1. Based upon these reviews and discussions, the Audit and Compliance Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K filed with the SEC.
